Organized By	:	British Council
Conducted By	:	Ms. Charu, Ms. Upasana
Attended By	:	Ms. Ritu Sharma, Ms. Sumana Goswami
Topic	:	Communication & Collaboration

A two day Global Education Programme was conducted for Principals, Coordinators and teachers. The programme had been specially designed to support school leaders in integrating collaboration and communication into the curriculum.

The two day In- Depth Module provided an insight into promoting the development of communication and collaboration as core skills in the school. The programme helped the participants to reflect on their own communicative and collaborative skills as an individual and as a teacher. The strategies for designing, implementing and evaluating sustainable initiatives to promote communication and collaboration were discussed elaborately. The programme stressed upon working collaboratively with fellow participants to create principles and activities to promote the development of intercultural collaborative and communication skills in school contexts for all the students including those with special and additional needs.

In a nutshell, the workshop proved to be very enriching and informative which will help in the overall teaching –learning experience of both teachers and students.
