A workshop was conducted on preparation of herbal products by **Anthelia- Environment Council** of **ITL Public school** at **Bhaskaracharya College of Applied sciences**, Department of Biomedical sciences, Delhi University, by Dr Vaishali Mishra and Ms. Shikha Sikka on the occasion of **National Science Day**. It was a wonderful experience interacting with graduation students, research fellows and professors of the department. As a resource person we introduced the work done by our students under **Skill Development Program**. We discussed about the preparation of our innovative Herbal products and explained how students were motivated and research skills were inculcated in them. They were very impressed at school level. Our products and the efforts of students at school level was very much appreciated by everyone. They were more interested in similar collaborations in future.
