|---------------------|---|---------------------------------------|
| Date/Day | : | 5 September, 2018 |
| Venue | : | ITL Public School |
| Organised by | : | Students of Class XII |
| Attended by | : | Students of Senior Secondary Classes. |

The students of **ITL Public School** organized a **Special Assembly** to pay a heartfelt reverence to their gurus. On this special day for Teachers, the students recognised the great roles of Teachers in the comprehensive growth and success of a student.

A short cultural programme was held to mark this special day. The enthralling performance of the School Band endowed the teachers with the lavish experience of traversing down the memory lane and basking in the divine and sweet melody of retro songs. A hilarious and entertaining skit was presented to add a vibrant shade to the occasion.

As a prelude to Teachers Day Celebration, the senior students made a sincere effort to impart to their juniors **the value of Teacher Student relationship** and the sacred bond that ties them. The changing **Student -Teacher relationship** in the present scenario is a cause of concern and worry to all. The students of **TEDx** and **Debate club** interacted with students of all classes on this sensitive issue. They cited examples where teachers have been treated with insensitivity and ignominy. **The Student Council** elicited the responses of students and scrutinized the reasons behind such changing attitudes. The students took a pledge to always respect the Gurus and ever nurture the virtues of humility, modesty and to always respect their Teachers.

On this auspicious occasion the students recognized the immense contribution of the **School Principal Ms Sudha Acharya** in shaping their lives in the right path all through the years of their school life.

The occasion saw ITLeens passionately express their gratitude towards the teachers ... who always morally and emotionally support them and help them achieve all their dreams.
