A two days Teacher's Orientation Workshop on Awakened Citizen Programme- a comprehensive three year graded value education programme was attended by Ms. **Pooja Sachdeva & Ms. Nidhika Malhotra** at R.K. Mission from 20-04-2015 to 21-04-2015. The program was specially for class VIII students. It was a discovery workshop which focused on –“Developing Faith in our infinite possibilities. On Day 1, the session began with a keynote sharing the vision of the programme. The program focused on creating awareness among children regarding their internal possibilities. On Day 2, Teachers were given hands on training to conduct these sessions using the facilitator guide & power-point presentation with Class 8. Overall, the Programme has been designed well to reach out the young tender minds of students in an effective way. The two days of training helped us in exploration of our own self as it is the essence of the programme to awaken ourselves about the unique human possibilities before we awaken the students.
