In order to enlighten the teaching fraternity about the innovative content as well as the recent changes in the CBSE French Syllabus, **New Saraswati House** conducted a workshop at JM International School on 3 December 2018. The idea was to introduce the new changes done in the new version of “**Apprenons le Français Book**” and regenerate new techniques to deal with day to day teaching and learning process in the classroom.

The session commenced with focusing on the new features that have been added in the previous books of Apprenons le Français. A presentation and complete demonstration to operate the new introduced application was shown. Discussion on key challenges faced by teachers to make their classrooms more interactive and interesting enriched the participants. Many new activities and games to use on day to day basis in the classroom were organised. Teachers were also given a few worksheets to be solved by them followed by an inhouse discussion. The idea to strengthen oneself with key areas of **grammatical content** was focussed, wherein teachers need to emphasize especially for the Board classes. Many new websites that are teachers and students friendly were introduced to teachers. The workshop provided a meaningful insight and a more motivated vision to deal with the challenges, making the classroom more interactive and innovative with the notion to make it a better place to learn.
