

‘Moving towards a Nation where every child is an Innovator’ – AIM

IITL Public School celebrated ATL Community Day on Wednesday, 24 April'19. The Insightful Mega event focused on promoting interest in Science, Technology and Innovation as a building block for Creative and Design thinking among young innovators. The Valedictory Session marked the presence of the distinguished **Atal Innovation Mission Director, Mr R Ramanan** and the much accomplished **UNICEF Representative India, Dr. Yasmin Ali Haque**. This strategic partnership aimed at effectively building capacities of adolescents, young entrepreneurs, mentors and teachers, via Atal Innovation Mission's programs. Their presence not only gave in depth view about innovation and its implication but also added a motivating thrust to the event.

The **School Principal Ms. Sudha Acharya** ignited the zeal of Innovation and Tinkering in students of Non ATL schools, Govt. schools, NGOs and invited them to join hands with ITL to Innovate, Ideate and Tinker together to achieve sustainable development goals and solve community problems.

She also emphasized on integrating the concept of Atal Tinkering Labs within our formal education system to create a global workforce of tech creators armed with skills for the future.

Community drive marked its success through enthusiastic participation of 10 Government schools, 7 Non ATL schools and NGO LECIN (Lets Educate Children in Need) and it gave an added impetus to the event. Students were given hands on experiential learning on construction of four wheel Robotic cars followed by exposure of 3 D Printing.

In another session, ITL Public Schools, mentor of change, **Mr.Rohin Kapor Co-founder of ProAce Edu. Venture** and **Mr. Subhajit Bhattacharya -Senior Program Manager, Accenture** constructively engaged the participants with their interactive Techtalks on the topic *‘Innovate to Ideate* ‘and *‘Design Thinking led Innovation’*.

Students were appreciated and applauded for the innovative projects like Resister sorter,

Floor cleaner constructed from e-waste and 'Anthelia'-ITL's very own school wide Start Up Initiative of pure herbal products

Students were oriented for United Nations Sustainable Development Goals and how innovation in school's ATL can help in achieving a sustainable future for India, by an organization 'ComMutiny-The Youth Collective'.

The Day was a proud moment for ITL Public School as it marked the signing of the **Letter of Intent between AIM and UNICEF.**
