

Workshop on Biology Question Paper Development and Marking Pattern

Date : August 2, 2016

Venue : Mount Carmel School, Dwarka

Organised By : Sankalp Sahodaya, CBSE

Conducted By : Ms. Rita Talwar

Attended By : Ms. Shikha Sikka

The resource person, Ms. Rita Talwar, HOD Of Biology at Modern School, Barakhamba Road, conducted an interesting workshop on how to frame questions. The main purpose of the workshop was Question Paper Development and marking pattern. Focusing on the Bloom's Taxonomy, she explained the difference between questions which are Knowledge based, Understanding based, Application based, HOTS and Evaluation types. She helped in framing many questions and categorized them. The teachers were asked to frame questions with a marking scheme and then rectify the mistakes. Furthermore, new ideas for framing the same questions were discussed. It was really a motivational and inspiring session. In a nutshell, the workshop enriched everyone with new ideas to design better Question Papers in future and help students to gain better marks in CBSE boards.
