

DEBATE COMPETITION E –WASTE MANAGEMENT

DATE	:	August 20 th , 2018
VENUE	:	ITL Public School, Sec 9, Dwarka
ORGANISED BY	:	ITL Public School, Sec 9, Dwarka
CONDUCTED BY	:	Department of Science
PARTICIPANTS	:	Students of Classes IX of ITL Public School.

“For good ideas and true innovation you need human interaction, conflict, argument and debate “

As part of the ‘**E-Waste Management**’ Drive, an ISA initiative undertaken in collaboration with the British Council of India by ITL Public School, sector 9, Dwarka, an inter house **debate competition** titled ‘**Lockhorns**’ on the topic - ‘**Recycling of e- waste is the responsibility of the user**’ was organised. Two participants from each house presented their ideas for and against the motion before the esteemed judges. The activity was attended by the students of class IX and left a deep impact on the students and they took home the message that the need of the hour is to **REUSE, REDUCE** and **RECYCLE**.

The students were addressed by the coordinator of classes IX & X who emphasised the need to convert “e- challenge” into “e-opportunity”. The HOD Science enlightened the students on how the harmful radiations and heavy metals from the e-waste are causing damage to the environment.

The activity was yet another endeavour by the Science Department to reinforce the idea of sustainable development by optimum utilisation of resources.
